

Study Abroad Club

with Ms. Balsamo

When: Thursdays from 2:40 – 3:40. This club will begin on 3/16 and meet each Thursday to 5/11.

Who: Students in grades 3-5.

Where: 4C (Ms. Balsamo's Classroom).

What to expect: In this club, each day we will learn about a new country. While learning about each country we will explore the language, food, and culture of this place. We will also do virtual tours of famous monuments in these countries, learn about different recipes to try at home, the history of the country, and more. We will complete an art activity to represent each country we learn about. By the last session, each child will have put together a "passport" representing all the countries they have virtually traveled to!
